

DULL SPORT AT GRAVESEND.

POOR FIELDS AND BAD STARTS.

FEATURES OF YESTERDAY'S CONTESTS AT THE BROOKLYN JOCKEY CLUB'S TRACK.

If good weather would mean enjoyable racing, yesterday's contests at Gravesend would have pleased the most exacting, for it is seldom that one finds a more perfect day for outdoor sports, but the average racegoer is not so easily pleased; he wants, and no opportunity to find fault with the officials. Yesterday's racing could not be classed in this way, for the card was far from attractive, while a continuance of poor work by the starter dulled what interest the finishes brought. Taken altogether, it was an ordinary day's racing, with five of the seven races decided going to the credit of favorites.

The opening number on the programme was a handicap at a mile and a sixteenth, and was really the chief incident of the day. It furnished some good betting, for each of those that ran came in for a share of support, with Prince George a slight favorite in the final quotations, and Ramapo a strong second choice. The race was a good one from the first jump, all running in a close bunch until the finish was right at hand, when Prince George drew clear, and at the line won by a length from Illume, who was interfered with at the old clubhouse turn. London was third, at Illume's neck. Ramapo was cut down during the race, and will hardly face the flag again this year.

The second race was just a good gallop for Dr. Hasbrouck. He had only Kingston and Amer to beat, yet as good as 2 to 5 was freely offered against him. He led all the way and won under a pull by two lengths, Kingston second, ten lengths before Amer.

The tact was divided in their opinions on the second race between Red Banner, Evanston, Addie and Rosa H. Each had a following, and some liberal prices resulted. But when it came to the finish all four were beaten. A furlong from the end Evanston and Red Banner were in front, but in the last fifty yards Tom Tough passed them both and won by a length and a half. Red Banner came a neck in front of Evanston. The winner, Prince George, drew clear, and at the line won by a length from Illume, who was interfered with at the old clubhouse turn. London was third, at Illume's neck. Ramapo was cut down during the race, and will hardly face the flag again this year.

The fifth race was just a good gallop for Dr. Hasbrouck. He had only Kingston and Amer to beat, yet as good as 2 to 5 was freely offered against him. He led all the way and won under a pull by two lengths, Kingston second, ten lengths before Amer.

CLOTHING FIRM IN TROUBLE.

HENRY NEWMAN & CO., IMPORTERS, FORCED TO ASK FOR AN EXTENSION.

THE LIABILITIES ESTIMATED AT \$1,022,500, AND THE ASSETS AT \$243,135—STRENGTH OF THE MARKET AND THE INABILITY TO MAKE COLLECTIONS CAUSE THE DIFFICULTY.

Henry Newman & Co., importers and wholesale dealers in clothing, supplies at Nos. 62 and 63 Broadway, with a branch in Chicago, one of the oldest and largest houses in their line in the United States, have been forced by the financial stringency to ask the indulgence of their creditors.

They have formally requested an extension on their obligations of eight, twelve and fifteen months.

The members of the firm called together some of their largest creditors on Tuesday, and made known to them the condition of affairs. They declared that they are perfectly solvent, and had about \$1,000,000 surplus in the business, including the outside means of Henry Newman.

The creditors, however, represented claims to the amount of \$200,000, and to recommend to give the firm an extension, and to recommend the general creditors to do the same. Ewald Meitman was appointed chairman of the creditors, and a circular was issued yesterday to all the creditors describing in detail the condition of the firm's affairs.

The statement sent out represents the firm's condition on September 1, and was made by an expert selected by the Importers and Traders' National Bank. The total assets are \$243,135, consisting of merchandise, \$1,000,000; accounts receivable, \$40,000; stocks, bonds, mortgages and real estate, \$300,000; loans receivable, \$20,000; cash on hand, \$4,000; and bills receivable, \$7,000.

In addition to this surplus, Henry Newman showed individual assets of \$250,000. The \$1,022,500 in accounts receivable is the balance, after deducting 7 per cent discount, \$125,000 for possible future bad debts, and \$40,000 for doubtful debts.

The expert's report showed that for a number of years, with one exception, the business had steadily increased, that the volume of business was substantially in excess of any previous year, and that the heavy purchases for the present year were probably the result of an anticipation of a still further increase in 1893. Extraordinary commercial occurrences of the year, however, disappointed that expectation. The firm has an immense stock on hand, and collections have been slow.

Bradstreet's reports say that the firm consists of Henry Newman, August Miller, Ulrich J. Hoch, Seymour S. Guggenheimer, Sanford Simons, Mr. B. Newman, and Sanford Friedberger. Mr. B. Newman is a son of the senior partner, and Mr. Friedberger a nephew. They were admitted to the firm on January 1 last. Henry Newman has been identified with the trade for nearly forty years. He began as an office boy in the employ of a house in William-st., and worked his way up to his present position.

Mr. Newman carried on the business alone until 1872, when he was joined by his partner, Mr. B. Newman. The firm was then known as Newman & Co., and was located at No. 182 Nassau-st. It was then that the firm was identified with the trade for nearly forty years.

AN APPEAL FOR BETTER BUILDINGS.

THE GRADUATES OF THE EPISCOPAL GENERAL THEOLOGICAL SEMINARY ASK FOR A NEW REFECTORY AND A GYMNASIUM.

The class of '93 of the Episcopal General Theological Seminary of this city has started to raise a fund for the building of a refectory and gymnasium. This institution, which occupies the block between Twentieth and Twenty-first sts. and Ninth and Tenth aves., now has a handsome new chapel, library and dormitories, chiefly through the liberality of its dean, the Rev. Dr. E. A. Hornum.

But the seminary is still without a refectory or gymnasium, though for many years past the need of such buildings has been strongly felt by the students. The old common room situated in a basement is not only too small, but is entirely out of keeping with the other departments of the seminary.

In its appeal the class of '93 says: "The class of '93, coming as they do, fresh from the cramped walls of the old common room, and experiencing as they have done for three years, the absolute necessity of a gymnasium for physical exercise and recuperation, believe that here is an opportunity for them to speak out in behalf of their fellow-students, and they now earnestly ask their fathers and brothers of the alumni to join with them in appealing for funds to build a new building, during the coming year, large enough to contain a refectory, a gymnasium and a clubroom, which, in grateful recognition of the fact that the Rev. Dr. E. A. Hornum has done for the seminary in the past shall be called Hoffman Hall."

MR. WHITEHEAD AND COL. STOREY REPLY

THEY ANSWER THE CHARGES BROUGHT AGAINST THEM THROUGH SPIES OF THE FRAUD ROLL QUARTET.

George W. Whitehead, the special Treasury agent who was in charge of the special agents at this port from 1880 until the Democratic Secretary of the Treasury put Colonel Montgomery in charge, and Colonel Henry L. Storey, a special agent who has been long in the service, yesterday sent to Charles S. Hamlin, Assistant Secretary of the Treasury, an answer to the charges which the members of the Fraud Roll Quartet have made against them in regard to a certain case which came up some time ago. The case was that of a certain Mrs. Lumley, a dressmaker, who was charged with trying to smuggle goods into this country, and was caught by the special agents. A number of her trunks were seized, and she could not secure them until she gave a bond in the sum of \$100.

Daniel Magone, who was a Collector of the Port under President Cleveland, and now is a leading member of the Fraud Roll Quartet, had earned the reputation of being one of the "squares" men in the Government service, and as such he had occasion some years ago to tread upon Mr. Magone's toes in regard to a certain Northern New-York Democrat who was a friend of Mr. Magone. Now Magone thinks he can get even with Whitehead by making this report. A number of leading Democrats have said that they will make this a personal case, and tell the President the real reasons for Magone's opposition to Mr. Whitehead. The fact that the case is before the United States Court and will not be brought to trial is sufficient to exculpate Mr. Whitehead and Colonel Storey of being in the case to persecute any one.
